## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 limits "n planetary gears". It is not clear if "n" is a typographical error, or it "n" represents a given number. The scope of the claim cannot be readily determined. Applicant may overcome this rejection by amending the claim to "a number (n) of planetary gears".

### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-6 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Helbig 2,759,305. '305 disclose everything claimed. Please refer especially to figures 2, 6, 9 and 10, and column 2, lines 3-5; column 3, lines 62 through column 4, lines 58; and column 4, lines 70 through column 5, lines 2.

### ***Conclusion***
